The iSangean App enables remote control of the WFR-29C running on your iPhone, iPod touch, iPad or Android smartphone.

iSangean is the remote control app for Sangean Internet radios and media streamers for your iPhone, iPod touch, iPad or Android smartphone. The app allows selection of Internet radio stations, selection and control of media for UPnP/DLNA music streaming from a local computer, server or NAS device, as well as control of FM radio and other functions (where these functions are present on the radio). The Now Playing screen provides radio station or media information with direct control of the radio volume.

Download iSangean from Apple iTunes (Apple Store) and Google Play now!
